

testing src/RGB test.ino

```
graph TD; A[testing src/RGB test.ino] --> B[RGBLED.h]; A --> C[Arduino.h];
```

The diagram illustrates the dependencies of the file 'testing src/RGB test.ino'. Two blue arrows originate from the bottom of the top box and point to the top of the two bottom boxes, indicating that the top file depends on the two bottom files.

RGBLED.h

Arduino.h
