

lib/old\_libs/onset  
\_detection\_128.h

```
graph TD; A["lib/old_libs/onset_detection_128.h"] --> B["core_pins.h"]; A --> C["AudioStream.h"]
```

The diagram illustrates a header file dependency. A central box at the top, labeled 'lib/old\_libs/onset\_detection\_128.h', has two arrows pointing downwards to two separate boxes below it. The left box is labeled 'core\_pins.h' and the right box is labeled 'AudioStream.h'. This indicates that the top header file includes both 'core\_pins.h' and 'AudioStream.h'.

core\_pins.h

AudioStream.h
